

FLEET & TRANSPORTATION

Lubrication Solutions

PROVEN QUALITY. LEADING TECHNOLOGY.

ALWAYS-ON SOLUTIONS ENABLE MAXIMUM UPTIME AND COST EFFICIENCY

KEEP COMMERCIAL AND MUNICIPAL FLEETS ON THE ROAD AND GENERATING REVENUE

It's a challenge to keep your fleet in peak condition and on the road. Whether on-board semi-trucks, garbage trucks, buses, box vans, trailers or in service shops, Graco's advanced technology and proven solutions keep your fleet moving and maintenance costs down.

AVOID UNPLANNED DOWNTIME FOR SERVICE OR REPAIRS

Downtime due to insufficient truck fleet maintenance can really add up, and may lead to customer dissatisfaction and lost business. Graco on-board automatic lubrication systems and vehicle service shop equipment can help you realize less downtime, driving increased profitability.

MITIGATE MECHANIC AND TECH LABOR SHORTAGE

Labor shortages make it difficult to keep up with truck fleet maintenance and make sudden repairs. Graco's automatic lubrication and heavy-duty equipment for commercial fleet maintenance can help relieve some of the stress and challenges that go along with a depleted workforce, and empowers you to do more with less – despite being short staffed.

NOT ALL AUTOMATIC LUBRICATION SYSTEMS ARE BUILT THE SAME

Fleet professionals trust Graco solutions to elevate everyday performance.

- **2, 4, 8, 12 or 16 Liter Reservoirs**
- **Transparent UV-Protected Reservoir**
- **In-Cab Digital Controller**
- **Data Management System Options**
- **Auto-Fill Shut Off**
- **Operation Indicator Light**

AT WORK WITH GRACO

TRANSPORTING PEOPLE AND GOODS CONSISTENTLY AND ECONOMICALLY REQUIRES ALWAYS-AVAILABLE FLEETS.

Graco has solutions that enable trucks, trailers, buses and other vehicles to run optimally with fewer maintenance issues. Lubrication solutions enhance uptime, improve productivity and reduce maintenance costs in any environment.

SHIPYARDS

There are up to 300 grease points on a ship-to-shore container crane and automatic lubrication solutions help ensure ongoing operation in the harshest weather.

MUNICIPALITIES

VEHICLE & EQUIPMENT LUBRICATION

Automatic lubrication helps ensure all components on vehicles and heavy off-road equipment are properly lubricated to prevent unwanted downtime.

SERVICE GARAGE

Track oil usage by recording each dispense and helps you build informed reports to share with upper management. Industry-leading fluid dispense equipment including pumps, meters, hose reels and reclaim.

FIRE AND RESCUE

Rescue vehicles and equipment require meticulous maintenance to ensure they are ready when danger calls. Gain added confidence with automatic lubrication pumps that keep key components lubricated, ensuring proper operation during critical moments.

REFUSE

Garbage trucks rely on the grabber to operate 5+ days a week, picking up thousands of trash cans. Automatic lubrication systems help ensure proper lubrication to prevent costly and time consuming breakdowns.

AIRPORTS

Timing is everything. Downed GSE can equal hours in delays. Automatic lubrication helps prevent tugs, plows, deicing, refueling and other equipment from premature downtime.

TRUCKING AND DELIVERY

Graco's Grease Jockey automatic lubrication system keeps your equipment running at peak performance and takes the hassle out of manual lubrication, eliminating wasted time and missed lube points.

RAIL

Reduce railway abrasion and noise through curves with automatic lubrication.

ALWAYS INNOVATING. ALWAYS RESPONSIVE.

For nearly a century, Graco has designed, delivered and supported solutions that you use every day. We help simplify everyday tasks and improve productivity for forward-thinking workers and businesses around the world.

Whether you're servicing vehicles, operating heavy equipment, performing maintenance repairs, working on an oil rig or running manufacturing lines, we're your one trusted source for proven lubrication equipment and bulk fluid management solutions designed to maximize your profitability. Because we understand just one hour of downtime can equal tens of thousands in lost revenue.

INNOVATIVE

We listen to our customers and adapt to their needs. Our investment in R&D is unparalleled, empowering Graco to create more reliable, connected, and easier-to-use automatic lubrication equipment, bulk fluid management and fluid transfer systems.

QUALITY

From our best-in-class manufacturing processes, rigorous product testing and industry's best warranty, you always know that Graco solutions are going to get the job done – and stand the test of time. That's why you can find Graco products over 50 years old still in operation.

CONSULTATIVE

Being a consultative partner takes work – and we're always up for it. Graco and our distributors want to work with you to identify, design and install the best solutions for your needs to ensure you receive the maximum ROI on your investments.

RESPONSIVE

When you need an answer, we're just a phone call away. Our support team is committed to providing you with a superior customer service experience and a reliable and fast response. Because we know downtime means lost revenue.

Every Graco purchase comes with A+ Customer Service.
